1. Meeting Called to Order for the Special Town Board Meeting

Supervisor Armstrong called the meeting to order at 3:02 PM

2. Computer at the Campground

Councilmember McNeil stated that when the town purchased the program there was a need to purchase an addition to the program to be successful what the campground. The expense for the additions would be approximately \$450.00, along with a 2½ % charge to make a reservation. There would also be a 3% charge to use a credit card.

At the present time the map to the camp ground is on the Town of Lisbon web page. The program itself is being used as a spread sheet with the campsite on it. Before the computer was brought onto the campground, a book with the spread sheet on it was being used.

A discussion was held with the final decision being to continue using the program on the campground computer and have the campground information put on their web page.

3. Adjournment

Councilmember McNeil made a motion, seconded by Councilmember Jarvis to adjourn the meeting at 3:41 PM
